

## **Information for Visitors Alternate Routes to & from Logan Airport including local traffic updates**

**BOSTON-** Following a tragic accident on Monday evening July 10, 2006 the Tunnel Connector has been closed to all traffic for a comprehensive inspection by city, state and federal authorities. The Tunnel Connector is the tunnel segment between the Ted Williams Tunnel and the I-90 and I-93 interchange.

The completion of the comprehensive inspections, which will include every tunnel, bridge, and related construction near the closed Tunnel Connector, can not be determined at this time according to officials.

- The Ted Williams Tunnel between Logan International Airport to South Boston Waterfront District, is open from the Airport west to Exit 25 . At Exit 25 visitors can bear right (South Boston) and easily access the Boston Convention and Exhibition Center, the World Trade Center, the Seaport Boston Hotel, the Black Falcon Cruise Terminal and downtown Boston local streets . At Exit 25 visitors can bear left ( I-93 North) and continue east to downtown Boston (Gov't. Center Exit) Back Bay or Cambridge (Storrow Drive Exit) or continue north over the Zakim Bridge.
- The Ted Williams Tunnel between I-93 and I-90 and the South Boston Waterfront District and Logan Airport is closed -except to the Sliver Line bus and emergency vehicles.
- The Sumner Tunnel from Logan Airport to Downtown Boston is open.
- The Callahan Tunnel from Downtown Boston to Logan Airport is open. Detour signs direct visitors to the entry ramp located at the end of New Sudbury Street in downtown Boston.
- Highway access from Logan Airport to the north is open.
- Local Street access from Back Bay hotels and Downtown hotels to the Boston Convention and Exhibition Center, the World Trade Center, the Seaport Boston Hotel, the Hynes Convention Center, the Black Falcon Cruise Terminal, is open. There may be some temporary delays.
- The MBTA (Boston's public transit system) has increased its services including buses, harbor ferries, transit, public transportation to / from Logan airport and around the city remains the best alternative.
